Re: Minnesota Public Radio (FRN 0002-6425-10)
KNBJ-FM, Bemidji, MN (Facility ID No. 42966)
Notice of temporary reduction of operations

Dear Ms Dortch:

In accordance with 47 CFR 73.561 (d), Minnesota Public Radio ("MPR"), licensee of KNBJ-FM, Bemidji, MN, hereby informs the Commission that MPR has temporarily been operating KNBJ-FM at reduced power since June 9, 2005 due to the failure of the tuning control. MPR has been able to do some work-around work to operate the facility at 85% of authorized power, but until replacement parts can be found and installed, we expect to operate KNBJ at only 85% of authorized power. The transmitter is not new and the transmitter manufacturer is out of business. MPR is actively searching for a replacement part and expects to have the facility back on the air at its fully authorized power as soon as possible.

An Anti-Drug Abuse Act certification form is attached. MPR is a noncommercial educational licensee, therefore, no fee is required for this filing.

Sincerely,

Mitzi T Gramling
Associate General Counsel
