Re: Minnesota Public Radio (FRN 0002-6425-10)
WLSN (FM), Grand Marais, MN (Facility ID 92302)
Change in Antenna Structure Registration

Dear Ms Dortch:

Minnesota Public Radio (MPR), the licensee of WLSN, was recently advised by the owner of the tower on which the station is placed that the Antenna Structure Registration (ASR) for the tower was recently changed by the Commission. The tower owner added some height to the top of the tower, which does not affect WLSN, but in doing so a different ASR number was assigned to the tower.

The current license for WLSN states that the tower the station is on is ASR #1061466. Attached to this letter is a copy of the new ASR, which is ASR #1259981. There are no other changes to the WLSN license.

Please let me know if you have any questions.

Sincerely,

Mitzi T Gramling
Associate General Counsel

Special Conditions:	

This registration is effective upon completion of the described antenna structure and notification to the Commission. **YOU MUST NOTIFY THE COMMISSION WITHIN 24 HOURS OF COMPLETION OF CONSTRUCTION OR DISMANTLEMENT OF YOUR ANTENNA STRUCTURE, please file FCC Form 854.** To file electronically, connect to the Antenna Structure Registration system by pointing your web browser to <http://wireless.fcc.gov/antenna>. Electronic filing is recommended. You may also file manually by submitting a paper copy of FCC Form 854. Use purpose code "NT" for notification of completion of construction; use purpose code "DI" for notification of antenna structure dismantlement.

The Antenna Structure Registration is not an authorization to construct radio facilities or transmit radio signals. It is necessary that all radio equipment on this structure be covered by a valid FCC license or construction permit.

You must immediately *provide* a copy of this Registration to all tenant licensees and permittees sited on the structure described on this Registration (although not required, you may want to use Certified Mail to obtain proof of receipt), and *display* your Registration Number at the site. See reverse for important information about the Commission's Antenna Structure Registration Rules.
